SAP Mentor Initiative

WHAT IS THE SAP MENTOR INITIATIVE?

The SAP Mentor Initiative identifies and provides special status to exceptional and high-value members of the larger SAP Ecosystem.

WHO IS AN SAP MENTOR?

SAP Mentors are the top community influencers of the SAP Ecosystem. Most of the ~100 mentors work for customers or partners of SAP. All of them are hands-on experts of an SAP product or service, as well as excellent champions of community-driven projects.

- Hands-on expert in an SAP product or service
- Collaborative attitude
- Good communicator
- Preferably working at a partner or customer of SAP
- Interested in improving products and services of SAP as well as the relationship of SAP with its customers, partners and prospects
- Proactive engagement
- If you don't hit all 6 points, you can compensate by being exceptional in the other 5

WHAT DOES AN SAP MENTOR DO?

SAP Mentors engage in collaborative activities in their area of expertise that proactively improve or influence products and services of SAP along with the relationships of SAP with its customers, partners and prospects.
