SAP Training opportunities**

PUT YOUR SAP & SAP BUSINESS OBJECTS KNOWLEDGE ON THE FAST TRACK

SAP Education works with you to build a culture of continuous blended learning – and realise a measurable return on education. SAP is committed to providing flexible training options for our customers. We have scheduled the following SAP and SAP Business Objects courses in Brisbane in 2009.

Remember that courses are added to the schedule based on demand, so we encourage any feedback from you to ensure we capture your interests and needs.

Request a course TODAY: http://www28.sap.com/mk/get/AU_EDU_REQUEST_COURSE
Or simply call the Education team on **+61 2 9935 4510** to discuss your requirements. Take the time to review the course descriptions in the [training catalogue](#):

You can take advantage of instructor-led training at an SAP Education site (as per the Brisbane schedule above), or we can provide it at your own facility. We encourage you in this economic climate to embark on cost contained training delivered through e-learning courses; online knowledge products and virtual classroom training.

To learn more on how SAP Education can help your employees fast track their knowledge or register on a course, call **+61 2 9935 4510** or visit www.sap.com/australia/services/education
